## Assembly Instructions:

1. Remove old cap.
2. Remove old impeller.
3. Insert new propeller.
4. Place the new Sure Flow shroud over the propeller making sure the rubber bumper fits in the top of the shroud cavity.
5. Slide the rotation bracket onto your pump.
6. If you have a Sure Grip magnet holder you can slide the Sure Grip rotation bracket onto the Sure Grip magnet holder.
7. If you don't have a Sure Grip magnet holder you can use the suction cup bracket or hanging bracket that came with your power head. You can also superglue the Sure Grip rotation bracket onto it.
